I am a dedicated Computer Programming student with a solid background in software development and problem-solving. I'm eager to apply my skills in programming and web development to contribute to innovative projects and continue growing in the tech industry

EXPERIENCE

St. Clair College, Computer Programming Diploma

- I Learnt various programming languages, including Python, Java, and C++ and developed strong background skills.
- Completed multi projects like web development using HTML, CSS, and JavaScript, focusing on responsive design.
- Obtained a lot of practical experience in database management with MySQL, understanding SQL queries and data handling.
- Worked on object-oriented programming (OOP) concepts such as inheritance, polymorphism, and encapsulation.
- Continuously improved problem-solving skills through coding challenges and hands-on assignments.
